

**Today Heartgard³⁰[®] protects more dogs
from heartworm than any other treatment
in the world.**

But not all.

Heartgard³⁰ is the most popular heartworm treatment in the world, protecting more dogs from heartworm than any other treatment; whether oral or injectable¹. Which is hardly surprising when you consider that Heartgard³⁰ is an easily administered, safe and effective meaty treat that dogs just love.

Heartgard³⁰[®] 
Plus
Works like a treat.
